Italy	8642.098
Cont. Europe	8626.098
UK	9688.098
Switzerland	8638.098

The power cords are 100% tested for continuity and the clear plugs give the end user an extra comfort level because it allows them to look and make sure the connections are secure and in the correct location. When it comes to patient safety, we only offer the best.

In Europe, there are 5 areas with their own style of plug and approvals standards. Denmark, Italy, Continental Europe (such as France, Germany, Spain), United Kingdom (UK) and Switzerland are the different configurations you can find there.
